## EDUCATION

Bachelor of Science in Computer Science  
Grad 2024 | Mangalore Institute of technology

CGPA : 8.03

## SKILLS

Languages : Java, Javascript, Python

Database : MYSQL, PostgreSQL.

Framework : React JS, Express JS.

Libraries : Bootstrap, Tailwind CSS

## EXPERIENCE

Karnataka State Pollution Control Board | Mangalore, Karnataka  
*August 2023 - Present*

- **Technologies** : Bootstrap, React JS, Node JS, Electron JS, PostgreSQL, Express Framework and RESTful services.

As a software engineer, my job is to design software that the KSPCB can use to handle all industrial-related details.

Varcons Technologies Pvt Ltd | Mangalore, Karnataka

[Source](#) | [Demo](#)

*November 2022 - December 2022*

- **Technologies** : HTML, CSS, JavaScript, Bootstrap.
- I oversaw a vibrant team of five people while I was an intern at Varcons Technologies Pvt Ltd, where we developed "Leisure Square," a comprehensive café website template. My responsibilities included managing team projects, supervising the development of dynamic websites, and guaranteeing that design briefs and customer requirements were perfectly aligned to produce an engaging online display.

## PROJECTS

ProjectHarbor

[Source](#)

- **Technologies** : React JS, Bootstrap, Node JS, PostgreSQL, Express, S3.
- This project facilitates efficient project management within a college ecosystem, enabling college administrators, HODs, professors, and students to collaborate seamlessly. It streamlines mentor selection, project approval, and project finalization processes, while also providing hierarchical visibility of ongoing projects tailored to each role.

Share Expense

[Source](#) | [Demo](#)

- **Technologies** : React JS, Bootstrap, Node JS, PostgreSQL, Express, Passport JS.
- Empower your group's financial management with our website's interactive landing page. Create shared rooms, invite members, and seamlessly track expenses by creating and managing notes, ensuring transparency and ease in expense tracking.

Web History Extension

[Source](#)

- **Technologies** : React JS, Tailwind CSS, Chrome API.
- Chrome extension to access your history without leaving your active browser tab and allows you to delete the history of a specific site and you can see the top 10 most visited site in 3 months.
